ACRYLIC

Crush Acrylic drums have set a new standard for the way acrylic drums should look and sound. Our unique molding process gives this series an unprecedented warmth never heard before from acrylic drums. Our crystal clear shells along with low mass hardware allows these drums to be full, fat and warm with aggressive attack to cut through the mix even when your guitarist plays their amps on 11.

ALPHA

More than an inexpensive beginner drum set for aspiring artists. In fact since we introduced Alpha many drummers have put this kit in use as a secondary gig kit for smaller stages. We use Birch/ Poplar shells for superior sonic performance when compared to other kits in this price range. We have also beefed up the tom holder, tom brackets, snare throw off and spurs for enhanced durability.

HARDWARE

Developed with feel in mind Crush believes hardware is not an afterthought rather a crucial part in stabilizing your groove. Crush's flagship M1 and tour ready M4 series hardware lines provide just that while Chameleon Complete offers best in class value.

THE M1 SERIES:

Crush's M1 Series hardware is built to exceed the expectations of the world's premier drummers. The Crush M1 pedal can easily be converted from standard to longboard; and also features a double glide chain, dual surface beaters, a direct-drive adapter, and a hard plastic case. The M1 Hi-Hat Standard is constructed from solid aluminum and includes a machined footboard and 2-leg support for rugged durability and precise functionality. With customizable features and rugged, road-worthy construction, Crush's M1 Series hardware is perfect for drummers looking to elevate their support system.

M1 Pedal

- Machined Aluminum Footboard Pressed Brass Heel Plate Bearings
- Adjustable Cam
- Independently Adjustable Footboard
- Double Smooth Glide Chain
- Direct Drive Adapter Included
- Pedal Tool Included
- Modular Design Allows Conversion of Single to Double Pedals
- Dual Surface Beater
- Heavy Duty Coating
- Hard Plastic Case For Single and Double Pedals

M1 Stand

- Solid Aluminum Framework
- Machined Aluminum Footboard
- 2-Leg Support and Heavy Duty 1.1" Tubing
- Patented Quick-Folding and Set-Up Locking System
- Instinctive Tension Adjustment

M4 SERIES:

M4 Series hardware from Crush offers drummers tough, reliable construction at a price that's within reach. The M4 line includes; a single and double bass drum pedal, a hi-hat stand, a snare stand and 3-tier cymbal boom stand. All hardware in the M4 line features scratch resistant coatings, brass bearing hinges, integrated memory locks, heavy duty feet, and double chained bass drum pedals.

M4 Pedal

- Double Chain
- High Grade Bearings
- ABS Cams
- Heavy Duty Coatings
- Brass Bearing Hinge
- 2-Sided Beater
- Hard Plastic Case for Double Pedals

M4 Stand

- Toothless Tilter
- Double Braced Legs
- 1.1" Tubing
- Swivel Hi-Hat Base
- Fast Hi-Hat Spring Adjustment
- Mating Memory Locks
- Large Rubber Feet

THE CHAMELEON COMPLETE PACK

Crush's Chameleon Complete Hardware Pack offers drummers of all levels lightweight, double-braced hardware at an unbeatable price. This hardware has long been packaged with our Chameleon Complete kit, and it is now available as a standalone option for all drummers looking for rugged hardware that won't break your back or the bank. The Chameleon Complete pack includes; a single bass drum pedal, hi-hat stand, snare stand, three tier cymbal boom stand, and a two tier straight stand. Each stand features scratch resistant coatings, memory locks, heavy duty feet, and a double chained bass drum pedal.

CCHP5 Features
